We can consider your Small to Mid-size exposures with Medium to High Hazard risks, all the way up to your Preferred / Mainstream risks, offering a broad range of versatility.

### BUILDER'S RISKS:

SC&F is staffed with experienced underwriters who are interested in competitively writing your Builders Risk Business, including testing, with quick turn around.

Listed below are classes of business that we are interested in:

- Builders Risks including Frame construction
- Mid-Term exposures, including those rejected by other carriers
- Rehabs / Renovations including:
  - Structural exposures (Vertical and / or Horizontal extensions)
  - Landmarked / Historical structures
  - Fire Damaged buildings
  - Partially Vacant and / or Partial Occupied buildings
- Installation Floaters, including build-outs

### CONTRACTORS EQUIPMENT:

We offer coverage for construction and related portable property.

- Coverage extensions available for Miscellaneous Tools, Leased or Rented Property, and Rental Reimbursement
- Replacement Costs Valuation available
- We can entertain incidental crane exposures
- We can provide property along with other Inland Marine coverages (Installation Floater, EDP, APD for contractor's commercial vehicles, etc.) on one policy, with the Contractor's Equipment

### AUTO PHYSICAL DAMAGE:

Coverage is available for both Yard and Over the Road coverage.

We have the capacity to quote schedules from one vehicle up to large fleets with multi-million dollar Total Insurable Values.

Classes include, but are not limited to:

- Sanitation Vehicles
- Ambulette Services
- Limousine Vehicles
- Ride Vans / Airport Shuttle Vans
- Truckers
- Buses

We can write Auto Physical Damage on its own separate policy or in conjunction with other Inland Marine coverages.

## INLAND MARINE SUPPORTED PROPERTY:

We can dovetail your Inland Marine coverages with applicable property exposures, such as:

- Any incidental property exposures where Inland Marine is the driving factor
- Multipurpose air supported structures/bubbles
- Contractors with Inland Marine and property exposures
- Jewelry / Precious Metal wholesalers and manufacturers

## SPORTS AND RECREATIONAL / MULTIPURPOSE BUBBLES (AIR SUPPORTED STRUCTURES):

(Tennis, Ice Rinks, Golf Courses, Soccer Fields, etc.)

SC&F Specialty Underwriters have experience and are looking to write seasonal and year round recreational bubbles that can be covered in storage in addition to when inflated.

We can cover bubbles in both protected and unprotected areas. We can extend coverage to supporting operations covering the Insured's related property and equipment.

## COMMERCIAL FINE ARTS:

We at SC&F are targeting:

- Small Private Museums
- Corporate Collections
- Art Galleries

## OTHER MISCELLANEOUS INLAND MARINE FLOATERS:

We consider numerous types of Inland Marine exposures on a case by case basis. These coverages may include:

- Trip Transit
- Salesman Samples
- Miscellaneous Articles
- Communication / Antenna / Mobile-phone Towers
- ATMs / Vending Machines exclusive of their contents
- Mobile-phone Charging Stations
- Portable Toilets

## **ELECTRONIC DATA PROCESSING EQUIPMENT / MEDICAL EQUIPMENT FLOATERS:**

Coverage for Equipment, Media / Software, Extra Expense and Loss of Income.

EDP Floater coverage is available at off-site locations or in a trailer (we can also include coverage for the trailer).

Broad Coverage Forms to complement coverage for your business and protect against special electronic hazards:

- Offices - from PCs & laptops (including peripheral devices) to Mainframes
- Medical Clinics & Facilities - Medical equipment including Mobile Medical Units
  - MRI machines
  - CAT scan machines
  - X-Ray machines
  - Ultrasound machines

## **GREEN TECHNOLOGY INCLUDING PHOTOVOLTAIC MODULES AND WIND TURBINES:**

We've developed tailored Coverage forms and an application specifically for Photovoltaic (PV) Modules, where we can provide coverage for:

- Both the Installation and the Equipment coverage for the PV Modules
- If needed we can provide both coverages within the same policy
- Ground-mounted projects
- Roof-mounted / Building-mounted (e.g. BIPV – building-integrated photovoltaic) projects

We have a facility within Seneca Insurance Co. that partners up with us for the GL coverage for both the Installation and Equipment coverage.

**EXPERIENCE:** Our underwriters have the expertise for underwriting tougher risks and your coverages can be tailored to fit the specific needs of your Insured.

**GOAL:** To develop long term relationships - we will be calling your office for an appointment.

**Coverage can be manuscripted and tailor made to fit the specific needs of a given account.**
